I'm looking for a job. Take a look at my [CV](#).

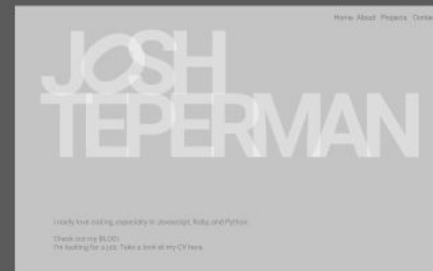

MOOD BOARD & RESEARCHING COLOUR PALETTE:

TESTING COLOUR PALETTES. MOST OF THESE LOOK TERRIBLE:

CHOSEN THEME

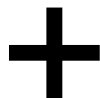

ADDED PALETTE FOR CONTRAST:

```

<div class="content">
  <div class="joshteperman">
    <div class="letters firstname">
      <span>J</span>
      <span>O</span>
      <span>S</span>
      <span>H</span>
    </div>
    <div class="letters lastname">
      <span>T</span>
      <span>E</span>
      <span>P</span>
      <span>E</span>
      <span>R</span>
      <span>M</span>
      <span>A</span>
      <span>N</span>
    </div>
    <div class="letters lastname-abridged1">
      <span>T</span>
      <span>E</span>
      <span>P</span>
      <span>E</span>
      <span>R</span>
    </div>
    <div class="letters lastname-abridged2">
      <span>M</span>
      <span>A</span>
      <span>N</span>
    </div>
  </div>
</div>

```

```

/* FIRST NAME COLOURS */

.firstname span:nth-child(1) {
  color: var(--sunflower);
  padding-right: 20px;
}

.firstname span:nth-child(2) {
  color: var(--trump);
  transform: rotate(45deg);
  position: relative;
  bottom: 12px;
}

.firstname span:nth-child(3) {
  color: var(--dark-red);
  padding-left: 5px;
}

.firstname span:nth-child(4) {
  color: var(--fire-engine);
}

/* LAST NAME COLOURS FOR DESKTOP*/

.lastname span:nth-child(1) {
  color: var(--trump);
}

.lastname span:nth-child(2) {
  color: var(--fire-engine);
}

.lastname span:nth-child(3) {
  color: var(--sunflower);
}
